The 1988 Spartan

Ann Street School
Newark, New Jersey

Joseph N. Maccia, Principal

My congratulations to you the graduating class of 1988. You are on the threshold of a new beginning which contains a multitude of opportunities and perhaps an equal number of pitfalls. Rely on the keenness of your senses, the training of your parents and teachers, and your own good judgment. Remember that for every freedom there is an equivalent responsibility. Face these urgent responsibilities with dedication and determination.

Each positive achievement in your life strengthens your character. Your wisdom serves to increase self pride. Respect of self and others becomes obvious to all those with whom you communicate. Traveling through life with the proper values makes your attainment of projected goals inevitable.

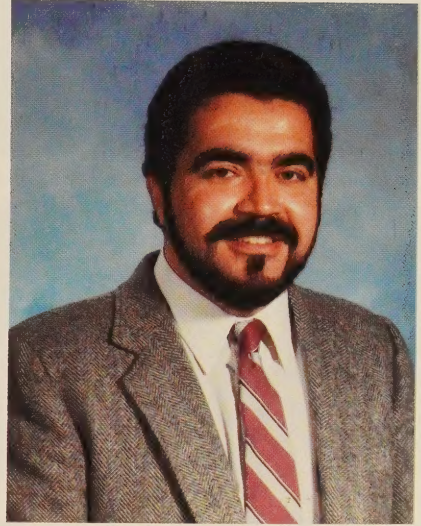

So it is with pride, not sadness, that I bid farewell to the Class of 1988 for I know your dedication to excellence and your commitment to the principles of freedom with responsibility will serve you, your community and your nation. Good luck and may each of you find the success you seek.

Sincerely,
Joseph N. Maccia, Principal

Farewell Address

Now that our years at Ann Street have come to an end, we look back on many memories. We remember the people, the good, and bad times, and the many new experiences that all have become a part of us. Many of these memories will be forgotten, but the lessons we have learned here will enable us to be someone, not just anyone but a special someone.

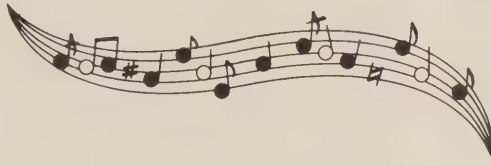

We must not underestimate ourselves. Each of us has the potential to become a special someone. That someone who is always willing to give as well as receive.

There are many difficult years ahead of us, and they will not be easy. Life is full of disappointments and failures as well as good times and accomplishments. But, if we have perseverance and confidence in ourselves, we will be able to overcome any barrier that stands in the way of our success. Our years at Ann Street have given us the ability to achieve this goal.

So, as we leave you, Ann Street, we say good-bye, with mixed emotions of happiness and sorrow. We thank you for sending us out into the world as better people.

The Graduates

Ann Street Good-bye

(1) We came here . . . now we're going,
Schools are never quite the same,
We'll miss you . . . dear old Ann Street
Don't feel bad you're not to blame.

CHORUS:

So Ann Street Good-bye
And we'll try not to cry,
All our memories of you will live on
We will be blue . . . 'cause we're leaving you,
Soon our hearts will be leaving you behind.
Linger a'while, and we'll go with a smile.
Like a friend who just happens to call,
For the last time, we will say good-bye,
Dear Ann Street . . . Ann Street Good-bye.

(2) We know we must go, now,
Though our hearts plead us to stay,
High school is our to-mor-row,
You belong to yesterday . . .

(CHORUS)

What the Constitution Means to Me

The heartbeat of America! The Constitution is what makes this country tick! It means so much to me that it is hard to pick out one particular reason, but when I think about it the Constitution means togetherness. Not only does it keep our country together, but it also keeps my family together. I feel safe with them. The Constitution helps to make me feel this way. I am very fortunate to live in a country that protects our right to be free.

Freedom! When I say the word free, I have to stop and think of what it means to me. Do you know what freedom means to you? It's easy to say yes, but do you really know? To me the Constitution is like an umbrella protecting our rights such as giving my family the privacy of their home. We don't have the fear of officers barging in our home and demanding shelter, food, and water. No one has the right to do that. I am grateful we can walk through our door and see the sign "Home Sweet Home."

Another freedom with my family is the right to choose our religion. My mother, sister and I are Catholic. My father, on the other hand, is Protestant. I am thankful we can live in the same household and respect each other's religious right. We are not forced to practice a dictated faith or belong to a church that we do not want to. The Constitution doesn't even force us to choose any religion.

Speaking of my family, the Constitution reminds me of my parents. It gives me privileges as long as I do not go out of the boundaries. If I do I will be punished when proven guilty, because, along with freedom, comes responsibility. Just like taking advantage of your parents, the Constitution is taken advantage of. People take it for granted many times. I know I have, without even realizing it.

As I grow older, I learn more and more about the importance of the Constitution. I am proud to live in a country built on the ideals of such a wonderful document. It is like the guardian of my life. It guarantees freedom to me, and to all of you. After studying the Constitution not only have I understood more about the freedoms it gives to my family, but it has also brought me closer to them and I don't think anything should come between us. I love them and they are the best thing that ever happened to me. Thanks to the Constitution!

Thank you!
